New Covenant Ministry

Third week in the series: *PBC DNA - Why we do what we do*

2 Corinthians 2:14-7:4

In four-plus chapters in 2 Corinthians, the apostle Paul articulates his approach to ministry. In opening up to this passage, we learn important principles for ministry. We are "ministers of a new covenant," which is a "ministry of the Spirit."

Discussion Questions:

1. What has been your experience with trusting the Holy Spirit? How do you think you might go about trusting the Spirit in the present?
2. How do you think you might go about presenting Christ to others?
3. How do you think God may have helped you endure suffering?
4. How have you experienced the love of Christ? How do you think you may open up even wider to the love of Christ?
