Live Justly with the Poor

Eighth week in the series: *Choose Wisely*

Proverbs

Jesus reminded his disciples that the poor would always be with them. Poverty continues to be an issue around the globe. As children of God, how should we regard and care for the poor?

Discussion Questions:

1. Growing up, what were you taught about people who were poor? What, if anything, were you taught to “do” in regards to the poor in your community?
2. When you encounter someone begging for money or someone who appears homeless, what is your first thought about what you should/shouldn't do? Why do you think this is your instinct?
3. Beyond giving money to poor individuals or to organizations who help the poor, what might it look like for you to be generous to, or show favor to, the poor?
