Wisdom Feast

Ninth week in the series: *Choose Wisely*

Proverbs 9:1-6

Did you know that we've been invited to a party—to a feast, as a matter of fact? Wisdom prepares a feast and invites us to it. But what is the nature of the feast? And how can we hear the invitation and respond to it?

Discussion Questions:

1. How have you found—or not found—the teaching of God in the Scriptures to be a feast?
2. How have you found—or not found—the teaching of Jesus in the gospels to be a feast?
3. How do you think you might go about feasting on Jesus, on love and forgiveness and intimacy and redemption and restoration and significance and purpose?
4. Jesus not only prepares the feast for us, he also prepares us for the feast. How do you think you may have been prepared to feast on Jesus?
5. In order to respond to the invitation to the feast that it is Jesus, it helps to understand your need for enlightenment and awareness—and for Jesus. How would you explain your need in this way?
6. The kingdom of God, among other things, is a party. How might such a conception help you if you're a follower of Jesus
