Preacher: Jeff Louie

A Vision for Equipping

Ephesians 4:11-14

In this passage, Paul lays out his vision for equipping in the local church. His goals span ministry involvement for all, Christlikeness and the need to be theologically discerning.

Discussion Questions:

1. Think of one or two areas of your life that could benefit in approaching it as ministry?
2. Do you think you are building up another believer in Christ? If yes, can you share about it?
3. How have you matured in Christ?
4. Can you think of any contemporary biblical/theological issues that are causing division today?
