Preacher: Paul Taylor

# The Valley of Decision

19th week in the series: *Wake Up*

Passage 14

The book of Revelation wakes us up to the dramatic importance of our spiritual choices. In this chapter, we see six angels proclaiming the gospel of Jesus, the alternative, and the consequences for each choice. The graphic vision emphasizes the reality of salvation and judgment but also reinforces the power of gospel proclamation.

## Discussion Questions:

1. What makes it hard for you to remember that God is victorious over evil? What circumstances in your own life make it seem like evil is winning?
2. What kinds of people in our culture might assume that the gospel of Jesus isn't for them?
3. What life decisions can you make to declare "fallen, fallen is Silicon Valley?"
4. How can you help people to see the importance of their spiritual choices?
