

For the week of March 22, 2020

Preacher: Dan Westman

He Speaks in the Chaos

Fifth week in the series: Shattered

Job 38-40

Our world is full of chaos. The uncertainty surrounding our current pandemic has brought this fact into sharp focus for us. Can you hear God's voice in the midst of the chaos? What does he have to say about the uncertainty that we are facing? As God finally speaks to Job in the midst of his suffering, we will hear what God has to say to us in the midst of our trials as well.

Discussion Questions:

1. How have you experienced chaos in your life over the last few weeks?
2. Have you felt like God was present or distant in the midst of the chaos?
Have you been able to hear his voice?
3. How have you seen God control or limit the chaos in your life?
4. How have you felt God care for you in times of suffering or uncertainty?
5. How does the greatness of God impact the way that you view trials in your life and your relationship with God in the midst of those trials?
