# The Main Thing

1 Corinthians 13:1-13

Simply saying and doing the right things is not enough. Love needs to be our motive. Love needs to be the main thing. Without love, we are not accomplishing what God really desires.

## Discussion Questions:

1. What do you think the Bible means by love? What exactly is agape love?
2. Why is it so critical that our motive is love? Why isn't it enough to simply say and do the right things?
3. How is it even possible to discover what our motives really are? How do we know if we're being motivated by love or by something else?
4. As you read 1 Corinthians 13:4-7, which characteristics of love do you personally believe are your particular strengths or areas of weakness?
5. How is it possible to change? How is it possible to genuinely become more loving people than we currently are?
