

For the week of June 7, 2020

Preacher: Paul Taylor

Our Shared Life

First week in the series: One Kingdom Indivisible
Genesis

This week we begin a sermon series in collaboration with several dozen other churches across the Bay Area. In response to the divisiveness of our culture, we'll be tracing the theme of the Kingdom of God throughout Scripture to understand our unity as followers of Jesus. This week we'll look at the Genesis - how we were created to work together, how divisiveness made that impossible, and God's solution to the problem.

Discussion Questions:

1. What makes it attractive to work together towards a shared purpose?
2. What is difficult about working together on a project?
3. How have you seen division affect a community you've been a part of?
4. Who do you think it's OK to look down upon?
5. What false messiah have you been tempted to follow?
6. How have you seen people come together in unity toward an important goal?
