Preacher: Paul Taylor

Set Apart In Unity

Second week in the series: One Kingdom Indivisible

Exodus

As we continue our collaborative preaching series on the unity of the kingdom of God, we focus on the birth of God's kingdom. When God's people were suffering as slaves in Egypt, he heard their cries, rescued them, and gave them a new identity as His people. Their story is our story. As we learn more about the identity God gave them, we can begin to understand our identity in Christ.

Discussion Questions:

1. What makes it difficult to suffer when no one notices?
2. How can you attempt to understand the pain of others better?
3. What situations are you tempted to see from an earthly perspective?
4. What helps to remind you of a kingdom perspective?
5. What do the phrases "treasured possession", "kingdom of priests" and "holy nation" mean to you?
6. How can you avoid being too allied with a single political position or party?
