Preacher: Paul Taylor

# Kingdom First

*Fourth week in the series: One Kingdom Indivisible*

**Various Passages**

This week we get to the hinge in the story of the kingdom of God -- the preaching of the gospel. The ministry of Jesus eventually makes clear that his kingdom is a spiritual reality which transcends our earthly kingdoms. When people attempt to force him to take sides on the political issues of the day, he gives them a different perspective. His calling to us is clear. Above all things, we are kingdom first.

## **Discussion Questions:**

1. Why is it so hard to be unified with someone you disagree with?
2. How does unity become a witness to the world of who Jesus is?
3. What political issues might people bring before Jesus to try and trap him?
4. How might Jesus respond?
5. How can you be an advocate for truth in our current environment?
6. What is one way you can be "kingdom first"?
